

## **Actualización en Mainx30**

## Registros MF03 y MF18

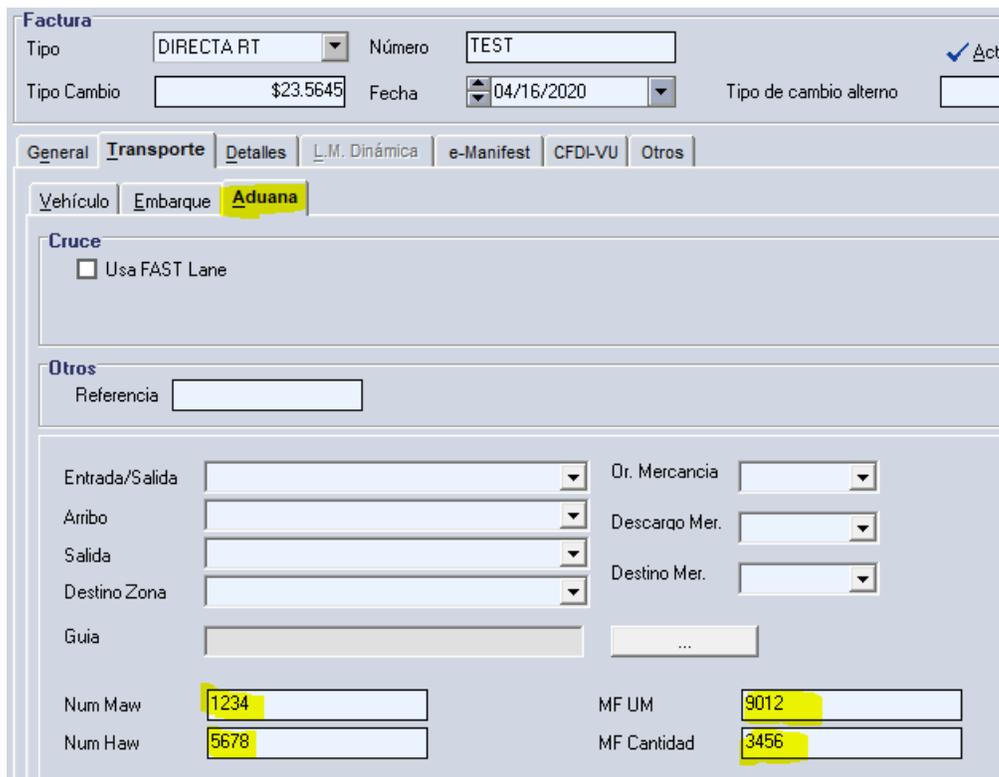

Para que el registro MF03 se muestre en el archivo Mainx30, en el sistema Delta se deberá capturar el numero de CONVEYANCE en el campo de VEHICULO, ejemplo.

The screenshot shows the 'Factura' form in the Delta system. The 'Tipo' is 'DIRECTA RT' and 'Número' is 'TEST'. The 'Tipo Cambio' is '\$23.5645' and 'Fecha' is '04/16/2020'. The 'Actualizar Países' checkbox is checked. The 'Transporte' tab is selected, and the 'Vehículo' sub-tab is active. The 'Vehículo' field is highlighted in yellow and contains the text 'NO\_CONVEYANCE'. Other fields include 'Chofer', 'Cía. Transp.' (DHL AIRLINES), 'Contenedor', and 'Tipo de Cont.'.

Para que se muestren los valores del registro MF18, estos se deberán capturar en los campos MAW, HAW, MFUM, MFQTY de la sección Transporte->Aduana de la factura de exportación.

Ejemplo:

The screenshot shows the 'Factura' form in the Delta system, with the 'Aduana' sub-tab selected. The 'Cruce' section has the 'Usa FAST Lane' checkbox unchecked. The 'Otros' section has a 'Referencia' field. The 'Entrada/Salida', 'Arribo', 'Salida', and 'Destino Zona' fields are dropdown menus. The 'Or. Mercancia', 'Descarگو Mer.', and 'Destino Mer.' fields are also dropdown menus. The 'Guia' field is a text input. The 'Num Maw' field is highlighted in yellow and contains '1234'. The 'Num Haw' field is highlighted in yellow and contains '5678'. The 'MF UM' field is highlighted in yellow and contains '9012'. The 'MF Cantidad' field is highlighted in yellow and contains '3456'.
